AGRICULTURAL TAX EXEMPTION VERIFICATION

In accordance with the Tennessee Code 67-6-207, sales of water to a qualified farmer or nursery operator may be exempted from Tennessee state and local sales tax on water used for agricultural purposes. Any person(s) who establishes utility service with Maury County Water System (MCWS), and requests an exemption from sales tax, must provide proper documentation issued by the Department of Revenue. MCWS will keep a copy of this documentation on file, and verify that tax exempt accounts are not being used for domestic purposes. Farmers and/or Nursery Operators will retain their original documents to establish qualification for the exemption, and may be held liable for any taxes, penalties, and interest on nonqualified sales.

* Entity Name

* Type of Entity *(farmer, nursery operator, etc.)*

* MCWS Account Name(s)

* Agricultural Exemption Number

* MCWS Service Address

* City * State * Zip

* Mailing Address *(if different)*

* City * State * Zip

Initial:

_____ I (we) understand and agree that tax exempt accounts must be separately metered from domestic household accounts.

_____ I (we) understand and agree to allow an MCWS representative to make an onsite inspection to verify tax exempt accounts are not being used for domestic purposes.
